FREE training webinars from CoreLogic Credco

## Something for everyone

We know you're busy. That's why CoreLogic Credco offers convenient, flexible and customized product and service training opportunities to fit your schedule. From the convenience of your office or anywhere online, you can experience first-hand how the latest product developments can bring value to your organization.

From 5-minute online tutorials and live 60-minute interactive webinars to customized programs, there's an information-packed training opportunity for everyone. We offer the most robust curriculum of training topics in the marketplace, including:

- ▶ *Credit Reporting & Scoring*
- ▶ *Risk Analysis*
- ▶ *Industry Compliance Regulations*
- ▶ *And more!*

Training topics also include relevant industry trends and current market developments, providing key insight on how to leverage new product innovations and stay ahead of the competition.

## Look for new topics regularly

View our online Webinar Calendar regularly as new topics and session times are added to fit your interest and busy schedule. Bookmark it and check back often! All training sessions are available FREE of charge with no obligation.
